Wood Finishes

Most of our wood furniture can be finished in any colour required. The most popular colours are Natural Beech, Light Oak, Cherry, Brown Oak, and Mahogany & Dark Walnut. Our spray shop can mix and match stains to achieve the required colour. Once the correct colour has been obtained, the furniture is sealed with a number of coats of commercial lacquer to give toughness and durability.

Assembly of Products

Some of our products require assembly. For many jobs we are able to offer an assembly service. The goods will be assembled either prior to delivery or on site. Please contact the sales office for further details and a quotation for this service.

Eden Furniture & GO IN

In 2017 Eden agreed a deal to supply the GO IN range of furniture in the UK. GO IN offer a high quality 'design led' range which we felt sat well within the Eden Furniture portfolio.

Eden will have a selection of the GO IN Products in the Midlands showroom and will also dedicate space at trade shows to the GO IN range.

GO IN is a specialist in functional and design-oriented restaurant furniture. In addition to an extremely broad product range of chairs, tables, bar stools, upholstered furniture and bench systems, GO IN provides its customers with competent support in all aspects of furnishing restaurants and hotels. A selection of 15 different wood stains combined with 270 available cover materials, allow an individual product design to suit every conceivable restaurant ambiance. The company's particular strengths include immediate delivery ex works, certified product quality, the attractive B2B price-performance ratio and more than 40 years of experience.

GO IN employs around 150 people throughout Europe and specialises in modular furniture collections. As well as the showroom at their headquarters in Landsberg am Lech, the company has large showrooms in the branches in Berlin, Vienna and Paris and takes part in more than 50 trade fairs every year with an extremely broad product range. The complete catalogue is around 380 pages long and is available for wholesale customers in German, English and French, free of charge.

Storage and logistics are traditionally very important at GO IN. In 2010, storage was optimised by the construction of a new logistics hall. Thus, around 800,000 items can now be kept in stock at the company's headquarters in Landsberg. The associated fast delivery makes it possible for customers to quickly and reliably implement even furnishing decisions that have been made at short notice.

Eden will be happy to advise on any aspect of the GO IN furniture and orders can be placed directly on the GO IN website at <https://www.go-in.co.uk> or through Eden Furniture.
