

FABRICS & WOOD FINISHES

FABRICS

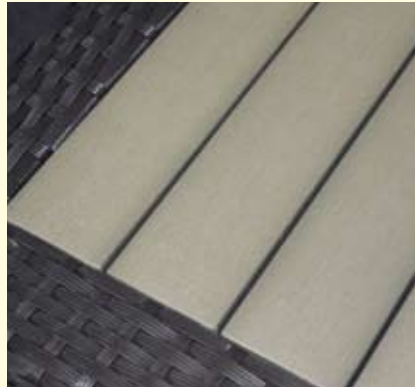

We are able to offer a vast selection of fabrics to suit all designs both in terms of style & practicality. All of our fabrics meet the UK fire regulations on fire and combustibility and are all suitable for high usage contract situations. The prices in the price list are for fabrics costing up to £15.00 per metre. Other fabrics from higher price bracket can be supplied with the prices amended pro-rata.

WOOD FINISHES

Most of our wood furniture can be finished in any colour required. The most popular colours are Natural Beech, Light Oak, Cherry, Brown Oak, and Mahogany & Dark Walnut. Our spray shop can mix and match stains to achieve the required colour. Once the correct colour has been obtained, the furniture is sealed with a number of coats of commercial lacquer to give toughness and durability.

ASSEMBLY OF PRODUCTS

Some of our products require assembly. For many jobs we are able to offer an assembly service. The goods will be assembled either prior to delivery or on site. Please contact the sales office for further details and a quotation for this service.

LEASE OPTION

Eden Furniture are pleased to announce that we are able to offer the option of leasing your furniture as well as a straight forward purchase. Although it is relatively rare in the world of commercial furniture to offer this facility, we have seen an increasing demand for this service. It provides an affordable, flexible solution and at the same time protects your working capital and reduces your taxable profits.

When starting or growing a business, cash is often in short supply. This is where leasing can assist in the purchase, offering a number of crucial benefits: -

1. All costs included in a single simple monthly payment
2. Improves cash flow management
3. Conserves capital and preserves existing borrowing power
4. Lease rentals are 100% allowable against pre-tax profits, meaning that all of your lease cost can be offset and deducted as a trading expense.
5. Payments come from a revenue budget, not a capital budget.
6. The ongoing flexibility to add to a lease as necessary
7. Title of goods can be passed at the end of the lease for a one off administration payment
8. Choice of payment terms to suit your budget

Please note that Eden Furniture do not offer the lease facility direct but through one of our independent financial partners.
