

OUTDOOR METAL

Classic, Urban Vintage, Rustic and a touch of Contemporary are all included in our eclectic Outdoor Metal section. The Urban Vintage look has now become a firmly established style within the Leisure & Hospitality Market and will mix well within both classic and contemporary buildings.

Our Outdoor Metal range is predominately steel framed with a colourful powder coated finish. This ensures strength and durability to a commercial standard. Some of the chairs and tables fold and others stack – both of which helps for easy storage.

- **Commercial quality**
- **Virtually maintenance free**
- **Easy to clean and highly durable**
- **Can be used in many locations**
- **Most items supplied assembled**
