

OUTDOOR WEAVE

Weave and Rattan furniture has become one of the top selling ranges in our industry. Stylish, strong, practical and versatile, these all weather ranges have been chosen for the UK market and have strong welded aluminium frames with high quality weaving in a choice of finishes and colours.

Our weave is PTFE which is environmentally friendly and recyclable. Eden offer side chairs, armchairs and bar stools which will mix-and-match with our range of tables.

The weave chairs will compliment the weave tables as well as teak tables, non wood tables and Werzalit tables. We also offer a new range of weave and non-wood tables which integrate wonderfully with the weave range.

- **Commercial quality**
- **Weatherproof PE Rattan**
- **100% UV Resistant**
- **Easy to clean and highly durable**
- **Strong rust proof welded aluminium frames**
- **Cushions available for most models**
- **Ideal for both outdoor and conservatory**
