

TABLE TOPS - WERZALIT

Eden Furniture are one of the main distributor of Werzalit table tops in the UK having sold them since 1997. These tops are made in Germany using a patented process that ensures the tops can be used both indoors and outdoors being weather proof and UV resistant. They are impervious to mechanical, chemical and thermal influences.

Werzalit tops are stable and robust and are 'encapsulated' units with seamless bonding. There are a wide range of colours, shapes and sizes available. The ranges include wood designs, stone designs, single colours and contemporary designs.

And to cap it all, Werzalit table tops are 'green' table tops! They are PEFC Certified for sustainability.

- **Many modern decors and designs**
- **Stable and robust**
- **Seamless surface that is easy to clean**
- **Weatherproof and UV resistant**
- **Heat resistant to 180 degrees**
- **Sustainable**
